

## Message from the Rennes Organizing Committee and the President of ISHN

With the ongoing pandemic, flight restrictions, and delays in vaccination programs, and after long deliberation and considering all feasible options, we have decided not to hold a face-to-face or outside company-supported virtual meeting in Rennes in 2021.

We offer instead the following options:

1. A single or half day of invited presentations using Zoom in July 2021. This will also allow us to celebrate the 25th anniversary of the Society. Details will follow.
2. The abstracts of the Rennes 2020 meeting will be posted on the website in February (<http://www.ishn.org/ISHN2020-abstracts.pdf>).
3. Authors of the abstracts will have the option to present at the monthly Zoom conferences led by Peter Koehler (see: <http://www.ishn.org/ISHN-monthly-programs.pdf>) or to present their abstract in Rome in 2022. We also encourage new work. The authors will be contacted by email.
4. We fully expect to have a successful, “normal” (i.e., onsite) ISHN meeting in Rome in June 2022.

Manon Auffret, Rennes Organizing Committee  
Peter Koehler, Rennes Organizing Committee  
Marc Vérin, Rennes Organizing Committee  
Eelco Wijdicks, ISHN President
