

International Society for the History of the Neurosciences

<http://www.ishn.org>

Application for **FULL MEMBERSHIP**

2022

The **International Society for the History of the Neurosciences (ISHN)** was founded in 1995. Its mission is to:

- improve communication between individuals and groups interested in the history of neuroscience;
- promote research in the history of neuroscience; and
- promote education in and stimulate interest for the history of neuroscience.

The ***Journal of the History of the Neurosciences: Basic and Clinical Aspects***, the official organ of the society, is published by Taylor & Francis. Now in its 31st year, the Journal provides a forum for investigations in the field of neuroscience history, as broadly defined, including the history of basic, clinical, and behavioral neurosciences, ancient and non-western topics, and significant individuals, events, and technical advances. ISHN is a focal point for those interested in neuroscience history and offers, through its journal and annual meeting, opportunities to contribute to this rapidly growing field.

FULL MEMBERSHIP in the ISHN for the **calendar year January-December 2022** includes all privileges of membership, all mailings, and a one year subscription (volume 31, in 4 issues) to the *Journal of the History of the Neurosciences*.

Please **complete the form** on the opposite side of this sheet and **submit it to the ISHN Secretary, Yuri Zagvazdin (yuri@nova.edu)**, who will update the ISHN membership database and forward the form to Taylor & Francis, the publisher of the Journal. Taylor & Francis will send you a pro-forma invoice, which may be paid online by credit card or wire transfer. The publisher will enter your subscription to the Journal and remit the Membership Dues portion of your payment to the ISHN Treasurer.

Once subscribed to the Journal as an ISHN member, you will receive current 2021 issues in print and have online access to current issues and all back issues.

Interested in presenting your neurohistory work and attending the next meeting of the International Society of the History of the Neurosciences? Go to: www.ishn.org

Annual Meetings:

| | | | |
|--------------------------|--------------------------------|--------------------------|-----------------------------|
| 1995 (Founding) | Montreal, Quebec, Canada | 2009 (14 th) | Charleston, SC, USA |
