Sapienza

SAPIENZA
UNIVERSITÀ DI ROMA

History of Medicine and Bioethics Unit

Founded by Aldalberto Pazzini in 1938, relocated in 1954.

- **Museum of the History of Medicine**

The museum is divided into three floors: the basement contains past dioramas; first floor is from prehistoric times to the 17th century; second floor from the 18th cent. to today.

The Museum owns the original Cerletti-Bini ECT apparatus prototype

<https://web.uniroma1.it/museostoriamedicina/>

- **Library of History of Medicine**

Collection of about 25.000 books from the 16th cent. to today. It contains also manuscripts.

Archives of the 19th-20th century: e.g. Italian Malaria School archive, Italian History of Genetics archive, archives connected to neurophysiological research and pharmacology.
