

Does Your Child Have A Finalized Adoption?

Participate in a UCLA research study about sensory regulation!

You may be eligible if your child:

- Has a finalized adoption through the Department of Children and Family Services (DCFS)
- Is between ages 7-17
- Does not have autism

Participation Involves:

- Brain Scan (MRI)
- Physiological measures (e.g., heart rate)
- Questionnaires

You will receive \$85 and a picture of your child's brain!

Option to request a report on your child's sensory responsiveness
