

Is Your Child Between the Ages of 7-17 Years?

Participate in a UCLA research study about sensory regulation!

You may be eligible if your child:

- Has fluent verbal language
- Is between ages 7-17
- Has no family history of autism spectrum disorder

Participation Involves:

- Brain Scan (MRI)
- Physiological measures (e.g., heart rate)
- Questionnaires

You will receive \$85 and a picture of your child's brain!
Option to request a report on your child's sensory responsiveness
