RESEARCH STUDY

HEALTHY

ADULTS WANTED

Subjects will receive:
* Psychiatric Evaluation
* A functional MRI Scan of the brain
* Payment for Participation

The UCLA Body Dysmorphic Disorder and Eating Disorder Research program is looking for individuals to participate in a study on Body Dysmorphic Disorder.

You may be eligible if you:
* have no history of psychiatric disorders
* are in good physical health
* are not taking any psychiatric medications
* are 18 to 64 years of age
* are right-handed

Study is conducted by Jamie Feusner, M.D.

UCLA Semel Institute of Neuroscience and Human Behavior
