Catherine Lord, Ph.D., Developer of the ADOS-2

The Autism Diagnostic Observation Schedule, second edition (ADOS-2) is viewed as "the gold standard" for observational assessment of autism spectrum disorder (ASD). UCLA CART offers 2-day workshops that will provide information and demonstration of how to use the ADOS-2 to assess and diagnose autism. Author and Developer, Dr. Catherine Lord, will describe the ADOS-2 and demonstrate administration and scoring, operationalizing diagnostic criteria for ASD. Attendees have the opportunity to practice scoring while observing the instructor administer the ADOS-2 to a child with ASD.

DETAILS
DATE: Monday 1/28/19 & Wednesday 1/30/19
TIME: 8:00 AM - 5:00 PM
LOCATION: UCLA
COST: $500
