Generously Supported by the Kaplan and Rothstein Fund

Treatments on the Go: How to Make Modular Treatments for Children with ASD Work in Your Preschool Classroom

Join UCLA experts, including Stephanny Freeman, Ph.D., Tanya Paparella, Ph.D., and Amanda Gulsrud, Ph.D. for a two-day training workshop on:

- **Executive function development**
- **The use of AAC devices during behavioral intervention**
- **Supporting social interactions on the playground**
- **Approaching behaviors through NDBI's, CBT, and more.**

Workshops will include demonstration, guided observation, behavioral rehearsal activities to practice new skills, interactive instruction, handouts outlining new skills, and an overview of the research underlining the content. We are offering two workshops to accommodate different school schedules.

WHEN: Workshop A: July 15 - 16, 2019 (8:00 AM - 4:00 PM)
Workshop B: July 22 - 23, 2019 (8:00 AM - 4:00 PM)

LOCATION: UCLA CAMPUS - PLEASE CONTACT US FOR DIRECTIONS

COST: TRAINING IS FREE! REGISTRATION IS REQUIRED
BREAKFAST AND LUNCH WILL BE PROVIDED

INFORMATION: Maira Tafolla: mtafolla@mednet.ucla.edu
or call 310-206-8105

Training Workshop is for all Preschool Special Educators: Teachers, Teaching Assistants, Behavior Interventionists, SLPs, OTs, School Psychologists
