

David Geffen School of Medicine

Department of Psychiatry and Biobehavioral Sciences General Faculty Search: Health Sciences Clinical Professor Series – Consultation Psychiatry

The Department of Psychiatry and Biobehavioral Sciences in UCLA's David Geffen School of Medicine (DGSOM) is seeking faculty to work as a part of a team emphasizing high quality, patient-centered psychiatric in-patient and/or outpatient care. We are specifically seeking Adult psychiatrists who have interest and expertise in Consultation Psychiatry. Having completed a Psychosomatic Medicine Fellowship or the equivalent is preferred, but not required. Additionally, expertise and experience in neuromodulation interventions (and in particular transcranial magnetic stimulation [TMS]) as well as a background and interest in Neurological Rehabilitation would also be helpful but not required.

This is an outstanding opportunity to join an established department of Psychiatry and Biobehavioral Sciences with an international reputation of excellence in education, research, and patient care. Time is allocated for didactic teaching, case conferences, and supervision of trainees. The successful candidate will have the opportunity to evaluate and treat their own patients. In addition, they will engage in scholarly or creative activities derived from and in support of their clinical teaching, professional, and service activities.

The department seeks applicants with a demonstrated commitment to academic and clinical excellence and diversity within our faculty, staff, and trainees. Teaching and supervisory experience of residents, fellows, and medical students would be helpful. This recruitment is conducted at the Instructor/Assistant/Associate rank in the Health Sciences Clinical Professor series. Determination of rank and step will be based upon background, training, experience, and overall track record.

The Department of Psychiatry and Biobehavioral Sciences at the David Geffen School of Medicine is comprised of faculty members who are experts in the origins and treatment for disorders of complex human behavior.

The Stewart and Lynda Resnick Neuropsychiatric Hospital at UCLA is among the leading centers in the world for comprehensive patient care, research, and education in the fields of mental health, developmental disabilities, and neurology. It is the major psychiatry teaching facility of the David Geffen School of Medicine at UCLA and Ronald Reagan UCLA Medical Center, one of the nation's top-ranked medical centers. The Resnick Neuropsychiatric Hospital is an independently accredited and licensed hospital. The Resnick Neuropsychiatric Hospital's vision is to serve the health care needs of the community, its patients, and their families through excellence in research, education, and the delivery of neuropsychiatric and behavioral health services:

Our department philosophy is aligned with UCLA campus leadership in the areas of recruiting and retaining individuals traditionally under-represented in the health sciences, LGBTQ, and individuals with disabilities, to reflect the diversity of the population we serve in the Los Angeles area. We further recognize that successfully recruiting people to join our enterprise is not the end of the story. It is also critical that we provide an environment in which all individuals in our workforce and trainee programs experience a professional, supportive, collaborative, and open environment and have the opportunity to thrive. We are dedicated to the ongoing pursuit of these goals.

The successful candidate must meet the following qualifications by time of hire:

Must hold an M.D., or D.O. equivalent medical degree., and be board eligible or certified in Psychiatry plus any relevant subspecialty discipline; Must possess a valid California Medical License and Drug Enforcement Agency certificate.

Salary and academic rank will be commensurate with experience and achievements. The Department of Psychiatry and Biobehavioral Sciences at the David Geffen School of Medicine seeks candidates whose experience, teaching, research, or community service has prepared them to contribute to our commitment to diversity and excellence. The salary range is from \$200-250K depending on the individuals qualifications.

To apply, please submit i) a cover letter outlining academic interests and a brief statement on your diversity activities*; ii) an updated curriculum vitae; and iii) the names and contact information of three references to the application portal at <https://recruit.apo.ucla.edu/apply/JPF08182>. For other information, send inquiries to PsyChairSemelDir@mednet.ucla.edu.
