Parent Focus Group: 
PEERS® Social Skills Group for Teens with Autism

If you are a Latino/Hispanic parent of a middle school teen with Autism Spectrum Disorder, we invite you to participate in a 1-time only focus group that will help provide us with more information to start a social skills group in the Inland Empire!

Parents in this focus group will have the opportunity to:
- Learn more about the PEERS® social skills program, and
- Provide opinions on the practicality of participating in a weekly social skills group for teens through (1) a few brief questionnaires and (2) a small group discussion

You will be compensated $25 for your visit of no longer than 90 minutes. You will also have the opportunity to sign up for the PEERS® program beginning in Fall 2018, pending eligibility and appropriateness of fit for your teen.

There will be light refreshments and free parking at the meeting.

If you or someone you know might be interested in participating, please contact the UCR SEARCH Center at (951) 827-3849 or searchcenter@ucr.edu. SEARCH staff are fluent in both English and Spanish.

Thank you for your interest to help create better programs for teens in our community!
