THE PEERS TREATMENT MANU

ELIZABETH A. LAUGESON AND FRED FRANKEL

2010: 448 pp. ISBN: 978-0-415-87203-4/\$51.95 This book is essential reading for any clinician or researcher working with teens with autism spectrum disorder. This parent- assisted treatment is a comprehensive, evidence-based, 14-week program, developed at the acclaimed UCLA PEERS® Clinic.

This empirically-supported manual provides an overview of group treatment sessions and strategies for tackling issues such as developing conversational skills, choosing appropriate friends, using humor, planning get-togethers, using good sportsmanship, and handling peer rejection, such as teasing, physical bullying, gossiping, and disagreements. Each session chapter includes handouts, homework assignments, descriptions of what to expect, how to handle challenges in delivering the intervention, and customized tips for both parents and therapists.

"This book provides a very comprehensive, down-to-earth manual for an innovative social-skills intervention for teens with autism spectrum disorders and their parents." Catherine Lord, Ph.D., ABPP

"Laugeson and Frankel have done the field a great service in developing the PEERS program for friendship and socialskills training for adolescents with autism spectrum disorders." Tony Charman, Ph.D.

"Based on scientifically sound research and insightful clinical acumen, this book provides the how-to for successful social-skills groups." Connie Kasari, Ph.D.
