

Tarjan Center Lecture Series presents:

# Adverse Childhood Experiences and Post-Traumatic Stress in Youth with ASD: Data from the ABCD Study

**Emily T. Wood, M.D., Ph.D.**

*Child & Adolescent Psychiatrist*

*Post-Doctoral Fellow,*

*UCLA Semel Institute for Neuroscience and Human Behavior*

**Monday February 22nd, 2021  
11:30AM – 12:30PM, PST  
(via Zoom)**

Learning Objectives:

1. To describe the relationship between adverse childhood experiences and post-traumatic stress in youth with autism.
2. To appreciate the possible role of autism specific traits in the development of post-traumatic stress.

**All are welcome! Registration is required**
