

I am ready to get my COVID-19 vaccine

Where can I get the COVID-19 vaccine shot?

Many COVID-19 vaccine clinics now accept walk-ins. That means you do not need an appointment. You can go when it easy for you.

- Call at **888-677-1199**. They help people with disabilities find out where to get a shot. They help you get there. They answer any questions you may have. You can call or e-mail them at DIAL@n4a.org. They are the Disability Information and Access Line (DIAL).
- Text **GETVAX (438829)** for English or **VACUNA (822862)** for Spanish information about where you can get a vaccine near you. It will tell you which vaccine you can get at each site.
- Call the CA COVID-19 Hotline **833-422-4255** (833-4CA-4ALL), Monday-Friday 8AM-8PM, Saturday-Sunday 8AM-5PM for assistance. Or go to <https://myturn.ca.gov/>
- LA County residents with disabilities or individuals without computer access can call **833-540-0473**. You can call any day 8:00 am - 8:30 pm. They help you get an appointment. They can help get you a ride there. Information available in multiple languages.
- To find information about COVID-19 cases, testing, where you can get the vaccine, and how to get an in-home vaccination in your county, go to <https://covid19.ca.gov/get-local-information/#County-websites>
- Call **2-1-1**

What about the side effects?

- Side effects are normal. It means that your body is building protection against COVID-19.
- It is also ok if you do not have any side effects; the vaccine is still working.
- Everyone reacts to the vaccine a little differently.
- One person may not feel any different and others may experience one, some, or all of the most common side effects. [For example, soreness where you got the shot, tiredness, fever, chills, nausea, muscle aches, headache.](#)
- Serious side effects are very rare. Someone will watch you for 15-30 minutes after you get your vaccine shot to make sure you are ok.
- If your symptoms get worse and do not get better after a few days or if you are worried about it, call your doctor.
- Tell the Center for Disease Control and Prevention (CDC) about any side effects after getting the COVID-19 vaccine by signing up for [v-safe](#). You need a smartphone to use v-safe.
