

Tarjan Center Lecture Series presents:

Screening for Autism Spectrum Disorder in a Naturalistic Home Environment: Strategies for Improving Early Detection

Deana Dow, Ph.D.

Postdoctoral Fellow
Clinical Instructor

UCLA Semel Institute for Neuroscience and Human Behavior

LEARNING OBJECTIVES:

1. Describe common barriers to early screening and detection.
2. Identify early symptoms that are most salient during naturalistic parent-child interactions.
3. Become familiar with resources for caregivers and providers to learn about early red flags for autism.

MONDAY
October 15th, 2018
11:30AM–12:30PM
