

Tarjan Center Lecture Series presents:

## **Building Self-Regulation in Children with Brain-Based Difficulties: A Family School Readiness Program for Children with Prenatal Alcohol Exposure and Trauma**

**Blair Paley, Ph.D.**

Clinical Professor

Director, SEEDS Program

*UCLA Nathanson Family Resilience Center*

**WEDNESDAY**

**APRIL 20th, 2016**

**12:30 – 1:30 PM**

Location: UCLA  
300 Medical Plaza, Suite 3200  
3<sup>rd</sup> Floor Marisa Leif Conference Room  
Los Angeles, CA 90095

### LEARNING OBJECTIVES:

1. Describe the behavioral, socioemotional and learning challenges experienced by children with histories of prenatal alcohol exposure/and or trauma.
2. Comprehend and describe the core elements of a family school readiness intervention (SEEDS-ER) for at-risk children.
3. Discuss the benefits of using nature-based exploration to promote positive parent-child relationships and parent involvement in children's early learning experiences.

**Light snacks and beverages  
will be served.**

**Giveaways provided  
at this lecture.**

All are welcome. No RSVP is required.
