RESEARCH EXPERIENCE

UNIVERSITY OF CALIFORNIA, LOS ANGELES
2008

GRADUATE STUDENT RESEARCHER
COMMUNITY HEALTH SCIENCES

Assist in research on family dynamics and HIV, including social support, mental health and medication adherence. Responsibilities include in depth literature review, data analysis and manuscript writing.

UNIVERSITY OF CALIFORNIA, LOS ANGELES
2002

GRADUATE STUDENT RESEARCHER
SOCIOLOGY DEPARTMENT

Assist in research funded through National Institute of Mental Health on the Organizational Factors in the Early Detection of HIV study. Responsibilities include data collection, data entry, and data analysis.

UNIVERSITY OF CALIFORNIA, LOS ANGELES
2003 to 2008

GRADUATE STUDENT RESEARCHER
GENERAL INTERNAL MEDICINE AND HEALTH SERVICES DEPARTMENT

Assist in research funded through Health Sciences Resources and Administration (HRSA) assessing the disparities in treatment services within HIV infected populations. Also assisting in research assessing the effects of gender on HIV risks. Responsibilities include data collection, data entry, data analysis and manuscript writing.

HUMAN SCIENCES RESEARCH COUNCIL
2003

INTERN

Social Aspects of HIV/AIDS (SAHA)

Analyzed qualitative data from South Africa's first national population-based HIV/AIDS behavioral risks, sero-status and media impact survey (SABSSM) research project. Funded through the Nelson Mandela Foundation and the Nelson Mandela Children's Fund and the Human Sciences Research Council.

CALIFORNIA STATE UNIVERSITY, LONG BEACH
2000 to 2002

GRADUATE RESEARCH ASSISTANT
HEALTH SCIENCE DEPARTMENT

Implement workshops updating physicians in the Southwest Health District and surrounding areas of new innovative screening techniques recommended by the Centers for Disease Control, the National Institutes for Mental Health and Los Angeles County STD Programs. Data collection, entry and analysis.

UNIVERSITY OF SOUTHERN CALIFORNIA
1995 to 1996

RESEARCH ASSISTANT:
PSYCHOLOGY DEPARTMENT

Studied people's safe sex behaviors and the behavioral patterns of people who are at risk for the HIV virus. Developed survey materials as well as administered the materials at malls, clinics, medical centers and hospitals where African American and Mexican American women, the fastest growing population of people contracting the HIV virus, populate. I also provided counseling to this at risk population.

UNIVERSITY OF CALIFORNIA, LOS ANGELES

1994

RESEARCH ASSISTANT

PSYCHOLOGY DEPARTMENT

Research examined how women of color (Asian, African, Latina) in the US experience race and gender based discrimination and the coping strategies used to deal with discriminatory experiences. Examined the relationship among discrimination, coping and mental health outcomes among women of color. Entered and analyzed data as well as administered surveys in areas where women of color populate.

UNIVERSITY OF CALIFORNIA, LOS ANGELES

1994 to 1995

RESEARCH ASSISTANT

NEUROPSYCHOLOGY DEPARTMENT

Studied the effects of mood on memory recall of mood appropriate words. Responsibilities included data entry and analysis for manuscript preparation.

UNIVERSITY OF CALIFORNIA, LOS ANGELES

1994 to 1995

RESEARCH ASSISTANT

NEUROPSYCHOLOGY DEPARTMENT

Assisted in a gender study in the Zaidel Laboratory of Neuropsychology at UCLA to study the effects of handedness across genders and whether or not this was related to the size difference of the corpus callosum between males and females. Responsibilities included data entry and analysis.

UNIVERSITY OF CALIFORNIA, LOS ANGELES

1994 to 1995

RESEARCH ASSISTANT

NEUROPSYCHOLOGY DEPARTMENT

Conducted a study on the neurophysiological basis of the “pop-out” effect in the tendency for people’s response times to be quicker when searching for the presence of a feature vs. the absence of a feature. Serial vs. parallel search response times was studied. Responsibilities included data entry and analysis.

**WORK
EXPERIENCE**

ORANGE COUNTY MARCH OF DIMES, BIRTH DEFECTS FOUNDATION

1999 to 2001

Newport Beach, CA

HEALTH EDUCATION SPECIALIST:

Provided health education to high-risk youth in the Orange County area focusing on birth defect risk reduction. Assisted in the modification of the curriculum for the Mission Possible Program. Developed outreach materials to better effect behavior change in youth as it pertains to developing healthier lifestyles to prevent future birth defects. Provide information on prenatal care, postnatal care, nutrition, genetics, alcohol and drug use and misuse and other healthy and unhealthy behaviors.

URBAN INSTITUTE OF HEALTH BEHAVIOR RESEARCH, INC.

1999 to 2007

CONSULTANT:

Train staff to implement HIV/AIDS workshops in inner-city community agencies. Develop and modify curriculum for the program. Assist in the writing and submission of grants for additional funding for HIV Prevention programs. Code, enter and analyze data collected through outreach efforts. Provide Program Director with reports detailing yielded results of data analysis.

SOUTHERN CALIFORNIA YOUTH AND FAMILY CENTER

1997 to 1998

HEALTH EDUCATOR:

Provided health education to high-risk youth including information on male and female reproductive anatomy, abstinence, sexually transmitted diseases, HIV/AIDS transmission information, self-esteem building, negotiation skills and communication skills all in order to assist youth in modifying behavior to reduce their risk for pregnancy, and STD's including HIV/AIDS. Referred at-risk youth to collaborating organizations for counseling and other types of interventions. Modified curricula for several outreach programs as well as planned, developed and facilitated focus groups as well as teen support groups.

DREW MOBILE VAN PROJECT

1998 to 2007

VOLUNTEER HIV PRE/POST TEST COUNSELOR:

Volunteer with the Drew University of Medicine and Science Mobile Project to provide HIV testing as well as pre and post test counseling to people who attend health fairs throughout Los Angeles County as well as voluntarily visit the mobile site. Volunteer work includes administering the risk assessment survey, administering the oral HIV test (OraSure and OraQuick), disclosure of test results and follow up to disclosure of results either in the development of a risk reduction plan or referrals to appropriate centers or agencies to assist the client in other areas of need.
