

## Unbroken Chain

### OBJECTIVES

**Year 3 Objectives (by Sep 30, 2014):**

- We will submit 4 resource guides for review by members from Unbroken Chain and Outreachers.
- We will review survey results (if they are available) and integrate them into the topic areas.

**End Result (by Sep 30, 2016, including products):**

- Create seven person-centered resource guides on these topics:
  - Motivation: I want to work!
  - Expectations: We believe you can work!
  - Career Goals: What work is best for ME?
  - Education/Training: What training do I need?
  - Employment Opportunities: Where can I find a job?
  - Business Engagement: Who will advocate for me? Hire me?
  - Other support: What else do I need?
- The resource guides will summarize research and will be based on input from surveys completed by the Outreachers to educators, youth and agencies.
- The resource guides will list resources and websites that are helpful to address each topic.

### QUARTERLY MILESTONE (by Jun 30, 2014)

**Completed:**

- We developed and approved the Resource Guide template and format.
- We reviewed the Rhode Island decree to ensure we are addressing new and emerging topics and issues as we prepare for ICE in California.
- We worked with the Outreachers to review the survey documents.
- We agreed that the 2 groups will work together to identify needs and develop the resource guides.
- Two guides are in the draft format: *Motivation* and *Other Support*.

**Not Completed:**

There have been delays in gathering information from key stakeholders because of delays in distributing the surveys.

**Barriers:**

Internal Barrier: The number of individuals on the committee has changed.

Systemic Barrier: Distribution of the surveys has been delayed.
