A. Background and Purpose:
Since 2000, the California Arts Council (CAC) and the National Arts and Disability Center (NADC) have partnered to provide small but critical grants to artists with disabilities, and to arts organizations seeking to make their programs accessible for all.

The purpose of the Arts and Accessibility program is to enhance opportunities for participation in the arts by people with disabilities throughout California.

B. Grant Descriptions:
Individual Artist Grant:
California artists with disabilities may request up to $3000 to support the advancement of their creative work and careers.

Applications are encouraged from artists in all artistic disciplines. Artist grants are for specific projects that contribute directly to their professional
goals and development. **This grant is intended to support the employment and career of artists with all types of disabilities,** including but not limited to artists with a physical disability, visual disability, hard of hearing or deaf, developmental disability, learning disability, mental illness or chronic illness.

Examples of eligible Individual Artist projects are below. This list provides examples of types of projects we have funded in the past, but a project does not have to be one of the following:

- Preparing work samples, marketing materials or portfolios with a plan to present to the public and/or potential arts employers/venues
- Studio time for producing a demonstration tape for a composer or musician, a DVD for a choreographer, editorial assistance for a writer to be distributed
- Advanced training or apprenticeship with a professional or master-level artist
- Registration fees, travel, and other costs to attend workshops conferences, and seminars in California only
- Travel to exhibit, showcase or perform work in California only
- Purchase of supplies or materials to assist in the completion of a new body of work to exhibit/perform – must be related to art work being created, but may include assistive technology

**Arts Organization Grant:**
California-based arts organizations may request **up to $5000** to support the inclusion of artists with disabilities in arts programming through provision of
accommodations, and/or to increase the attendance and enhance the experience for audiences with disabilities.

*Please note*: Applications must be received at least 30 days prior to a proposed event. This requirement is to ensure adequate time for promoting an event to the target community.

Examples of eligible Arts Organization projects are below. This list is not intended to be limiting or all-inclusive:

- Provide accommodations for California artists with disabilities to be part of an upcoming project (e.g. ASL interpreter for a deaf choreographer)
- Creating alternative formats for materials such as: large print or Braille, audio description, ASL interpreter, and/or captioning for audience members with disabilities
- Travel, registration fees to attend workshops or trainings in California to learn about accessibility for audience members with disabilities
- Hiring a consultant (*preferably a person with a disability*) to advise or provide training to improve the accessibility of your organization or its programs
