

WISK, LAUREN ELISABETH, PHD
CURRICULUM VITAE

PERSONAL HISTORY:

1100 Glendon Ave, Suite 850-809, Los Angeles, CA 90024
Phone: 310-267-5308 Fax: 310-794-0732

EDUCATION:

BS, Molecular, Cell and Developmental Biology
2008, University of California, Los Angeles

PhD, Population Health Sciences (Chair: Whitney P. Witt)
2013, University of Wisconsin, Madison

Postdoctoral Fellowship, Pediatric Health Services Research (Mentor: Alison Galbraith)
2015, Boston Children's Hospital and Harvard Medical School

Thomas O. Pyle Fellow, Population Medicine (Mentor: Alison Galbraith)
2015, Harvard Medical School and Harvard Pilgrim Health Care Institute

PROFESSIONAL EXPERIENCE:

07/25-present Associate Professor-in-Residence, Department of Health Policy and Management, UCLA
Fielding School of Public Health

07/25-present Associate Professor-in-Residence, General Internal Medicine & Health Services
Research David Geffen School of Medicine at UCLA

07/21-06/25 Assistant Professor-in-Residence, Department of Health Policy and Management, UCLA
Fielding School of Public Health

01/19-06/25 Assistant Professor-in-Residence, General Internal Medicine & Health Services Research
David Geffen School of Medicine at UCLA

01/19-10/21 Lecturer, Pediatrics
Harvard Medical School

02/18-12/18 Assistant Professor, Pediatrics
Harvard Medical School

07/15-01/18 Instructor, Pediatrics
Harvard Medical School

07/15-09/21 Research Associate, Adolescent/Young Adult Medicine
Boston Children's Hospital

01/11-12/17 Graduate Record Examination (GRE) Instructor & Admissions Advisor
Kaplan, Inc.

09/09-05/13 Graduate Research Assistant, Department of Population Health Sciences
University of Wisconsin, Madison

06/08-08/09 Clinical Research Coordinator
Joint Replacement Institute at St. Vincent Medical Center (Los Angeles, CA)

PROFESSIONAL ACTIVITIES:

** leadership position*

Committee Service

2010	Vice President,* Population Health Sciences Student Organization Department of Population Health Sciences, University of Wisconsin, Madison
2010-2011	Student Representative, Departmental Curriculum Committee Department of Population Health Sciences, University of Wisconsin, Madison,
2010-2011	Planning Committee Chair,* Population Health Sciences Annual Poster Day Department of Population Health Sciences, University of Wisconsin, Madison
2011	President,* Population Health Sciences Student Organization Department of Population Health Sciences, University of Wisconsin, Madison
2011-2012	Treasurer,* AcademyHealth Student Organization University of Wisconsin, Madison
2011-2013	Student Representative, Departmental Admissions Committee Department of Population Health Sciences, University of Wisconsin, Madison
2014	Co-Chair,* Serving the Underserved Retreat Planning Committee Harvard Medical School
2015-2018	Review Panel Member, IRB Scientific Review Division of Adolescent/Young Adult Medicine, Boston Children's Hospital
2016	Member, Adolescent Medicine Fellowship Curriculum/Track Redesign Committee Division of Adolescent/Young Adult Medicine, Boston Children's Hospital
2017-2018	Summer Research Experience Director,* Adolescent Medicine Fellowship Division of Adolescent/Young Adult Medicine, Boston Children's Hospital
2017- 2018	Research/MPH Track Director,* Adolescent Medicine Fellowship Division of Adolescent/Young Adult Medicine, Boston Children's Hospital
2018-present	Consultant, Advocacy Committee Society for Adolescent Health and Medicine Committee
2018-present	Committee Member, Health Services-Chronic Illness Committee Society for Adolescent Health and Medicine
2019-present	Member, Clinical and Translational Science Institute (CTSI) David Geffen School of Medicine at UCLA
2019-present	Faculty Affiliate, California Center for Population Research (CCPR) University of California, Los Angeles (UCLA)
2019-present	Faculty Affiliate, UCLA Kaiser Permanente Center for Health Equity UCLA Fielding School of Public Health & UC Regents
2019-present	Faculty Affiliate, California Initiative for Health Equity and Action (Cal-IHEA) UC Berkeley / UC Office of the President
2019	Committee Member, Annual Martin Shapiro Research Symposium Planning Committee Division of General Internal Medicine & Health Services Research (UCLA)
2019-2023	Co-Chair,* Interdisciplinary Pediatric Research Special Interest Group Pediatric Academic Societies / Academic Pediatric Association

2019-2024	Member, Communications/Social Media Committee Academic Pediatric Association
2019-2023	Data Safety & Monitoring Committee, DGSOM
2021-present	Co-Lead,* Primary Care Residents' Journal Club Department of Medicine Primary Care Program, UCLA
2021-present	Elected Member Society for Pediatric Research
2021-2024	Member DGSOM Department of Medicine Laboratory Safety Committee
2025-present	DGSOM Faculty Representative UCLA Legislative Assembly
2026-present	MedCAP, Alternate Member (3 year term)

Professional Associations and Scholarly Societies/Activities

2010-2015	American Public Health Association Annual Meeting Abstract Reviewer, 2012-2015, 2020 Annual Meeting Session Moderator, 2014
2011-2013	North American Primary Care Research Group
2011-2023	AcademyHealth Annual Research Meeting Abstract Reviewer, 2019, 2022, 2023
2011-present	Academic Pediatric Association
2013-2014	Society for Epidemiologic Research
2013-2016	Massachusetts Medical Society
2014-present	Pediatric Academic Societies Annual Meeting Abstract Reviewer, 2014-present Annual Meeting Session Moderator, 2015, 2018, 2019, 2022
2015-present	Society for Adolescent Health and Medicine (membership) Annual Meeting Program Committee, 2016-2019 Annual Meeting Abstract Reviewer, 2017-present Annual Meeting Session Moderator, 2023, 2024 Charles Irwin Jr New Investigator Award Reviewer, 2024
2016-2018	Society of Behavioral Medicine
2017-2018	Health Care Transition Research Consortium Annual Symposium Abstract Reviewer
2019-2020	American Medical Informatics Association Abstract Reviewer
2020	Diabetes Technology Society COVID-19 and Diabetes Summit Session Moderator, 2020
2021-present	Society for Pediatric Research

2026 Society for General Internal Medicine
Annual Meeting Session Moderator, 2026

Editorial Services

2016 Grant reviewer, Leadership Education in Neurodevelopmental and Other Disabilities
Maternal and Child Health Bureau, Health Resources and Services Administration

2017-present Grant reviewer, Academic Pediatric Association Young Investigator Award

2023 Grant reviewer, UCLA Faculty Career Development Award

2024 Grant reviewer, Iris Cantor-UCLA Women's Health Grant

2025 Ad hoc reviewer, NIH Organization and Delivery of Health Services Study Section

2026 Ad hoc reviewer, NIH Special Emphasis Panel – Topics in Cancer Care, Prevention and
Control

Guest editor:

Journal of Diabetes Science and Technology, Special Issue on Digital Health for Diabetes (2021)

Journal of Diabetes Science and Technology, Special Issue on Psychosocial Aspects of Artificial Pancreas
Systems (2024)

Ad hoc reviewer:

HONORS AND SPECIAL AWARDS:

2006	Undergraduate Student Research Fellowship American Heart Association
2010	Student Scholarship Award American Public Health Association, Association of University Centers on Disability
2011	Student Poster Award Finalist AcademyHealth Annual Research Meeting
2011	Best Student Paper Award AcademyHealth Annual Research Meeting
2011	Dr. Catherine Allen Outstanding Poster Award Department of Population Health Sciences, University of Wisconsin, Madison
2011	Best Abstract by a Student Research Award Academic Pediatric Association, Pediatric Academic Societies Annual Meeting
2012	Outstanding Student Author (Third Place) Maternal and Child Health Section, American Public Health Association
2012	Outstanding Student Author Medical Care Section, American Public Health Association
2012	Rankin/Skatrud Award School of Medicine and Public Health, University of Wisconsin, Madison
2013	Outstanding Student Author (First Place) Maternal and Child Health Section, American Public Health Association
2013	Student Poster Award Finalist AcademyHealth Annual Research Meeting
2013	Donn D’Alessio Outstanding Student Award Finalist Department of Population Health Sciences, University of Wisconsin, Madison
2013	Graduate Student Peer Mentor Award Multicultural Graduate Network, Graduate School Collaboration, and University of Wisconsin Graduate School
2013	Student Scholarship Award Society for Epidemiologic Research
2014	Best of AcademyHealth Annual Research Meeting 2014 Special Issue <i>Journal Health Services Research</i>
2015	Jay S. Drotman Memorial Award Runner-up American Public Health Association

2016	Early Career Award International Society of Behavioral Medicine
2016	New Investigator Award Finalist Society for Adolescent Health and Medicine
2016	Best Article in 25 th Anniversary Collection Journal <i>Women's Health Issues</i>
2017	Young Investigator Award Academic Pediatric Association
2017	New Investigator Award Finalist Society for Adolescent Health and Medicine
2018	Estherann Grace Teaching Award Division of Adolescent/Young Adult Medicine, Boston Children's Hospital
2018	New Investigator Award Society for Adolescent Health and Medicine
2024	National Academy of Medicine Emerging Leaders Forum National Academy of Medicine
2024	Early Career Women Faculty Leadership Development Seminar Association of American Medical Colleges
2025	Young Investigator Award American Diabetes Association

TEACHING EXPERIENCE:

Mentees

2011	Elizabeth Pollock, PhD / Undergraduate at the University of North Carolina, Chapel Hill Graduate student research mentor. Elizabeth conducted a research project over the 10-week Integrated Biological Sciences Summer Research Program (Computational Biology and Biostatistics) at UW and presented findings at the program symposium; her work was published in the journal <i>Academic Pediatrics</i> .
2012-2016	Ifna Ejebe, PhD, MD / PhD student at the University of Wisconsin, Madison Dissertation committee member and research mentor. Ifna conducted several research projects on disparities in chronic disease management, resulting in seven presentations at national research meetings (APHA and AcademyHealth), won the 2013 Rankin/Skatrud Award and 2013 Catherine Allen Memorial Outstanding Poster Award, was named an AcademyHealth Diversity Scholar, was awarded the AHRQ R36 Health Services Dissertation Award and the NIH Individual Predoctoral MD/PhD Award (NIDDK F30), was published in <i>J Asthma</i> .
2015-2019	John Adams, MD / Clinical Fellow, Division of Adolescent/Young Adult Medicine, Boston Children's Hospital. Scholarship Oversight Committee (SOC) member, research mentor on fellowship research project (Prevalence, outcomes, healthcare utilization and cost in youth with chronic conditions and mental health comorbidity). John's work was selected for oral presentation at the 2017 SAHM and 2017 & 2018 PAS meetings, & his SAHM abstract was a finalist for the DuRant Award for Statistical Rigor. Paper published in <i>Pediatrics</i> .

2017-2019	Kara Magane, MS, CHES / Clinical Research Specialist, Division of Adolescent/Young Adult Medicine, Boston Children's Hospital. Research mentor on independent research projects investigating correlates of seasonal flu vaccine receipt among college students.
2017-2019	Emily Allen, MD / Clinical Fellow, Division of Adolescent/Young Adult Medicine, Boston Children's Hospital. Scholarship Oversight Committee (SOC) member, research mentor on fellowship research project on indications for HIV pre-exposure prophylaxis among adolescents and young adults in the US. Emily's work was selected for oral presentation at 2018 SAHM and PAS meetings (finalist for the DuRant Award for Statistical Rigor).
2017-2018	Po-Hua Chen, MD / MPH student (Quantitative Methods) at Harvard T.H. Chan SPH Faculty mentor for MPH practicum project to evaluate the utility of search-engine data as a tool for public health surveillance of health behaviors. Practicum presented at SPH symposium; paper published in <i>Am J Prev Med</i>.
2018-2020	Franny Polanco Walters, MD / Clinical Fellow, Division of Adolescent/Young Adult Medicine, Boston Children's Hospital. Research mentor on fellowship research project on disparities in the experience of sexual assault by disability status and race/ethnicity among adolescents and young adults; abstract presented at SAHM 2019.
2019-2021	Tim Copeland, MPP / PhD Student, UCLA Fielding School of Public Health. Dissertation committee member and research mentor. Primary mentor on funded Graduate Research Mentorship project: "Exploring the influences of self-reported health, race, and geography on surgery selection among women with breast cancer in the US."
2019-2020	Eric Tsay, MD / Clinical Fellow, Division of Pediatric Endocrinology. Co-mentor on research project investigating the impact of a web-based educational support intervention on the effective use of continuous glucose monitors in adolescents and young adults with diabetes, which was selected for the UCLA Children's Discovery & Innovation Institute Fellows Research Support Award.
2019-2025	Rebecca Tsevat, MD / Med-Peds Chief Resident, NCSP Fellow, DGSOM at UCLA. Mentor on qualitative and quantitative research projects investigating issues of health care transition for youth with chronic medical conditions. Published two first authored papers in <i>Academic Pediatrics</i> and the <i>Journal of Pediatric Psychology</i>.
2019-present	Estelle Everett, MD / Assistant Professor, Division of General Internal Medicine and Health Services Research (DGSOM at UCLA). Mentor on quantitative research projects investigating pediatric hospital admissions for diabetic ketoacidosis (DKA); paper published in <i>J Clin Endocrinol Metab</i>. She was recently awarded a Loan Repayment Award from NIDDK, on which I am a mentor, and her first authored paper from this work was recently published at <i>J Diabetes Sci Technol</i>. Has published several additional first authored publications for which I was a mentor.
2019-2023	Katherine Chen, MD / NRSA Fellow and PhD student, Department of Health Policy and Management (Fielding School of Public Health) and Division of General Internal Medicine and Health Services Research (DGSOM at UCLA). Co-mentor on quantitative research project investigating unmet medical needs among adults in CA who move due to housing cost using; paper published in <i>J Gen Intern Med</i>.

2020-2022	Ashley Huynh, BS / UCLA CTSI Research Associates Program (CTSI-RAP). Mentor on two qualitative research projects, research presented at UCLA's undergraduate research day and the 2021 Center for Digital Health Virtual Conference. Her narrative review on application of behavioral economics concepts for adolescents and young adults published at <i>Curr Opin Pediatr</i> . Currently in medical school at UC Irvine.
2020-2022	Connie Lee, BS / UCLA CTSI Research Associates Program (CTSI-RAP). Mentor on two quantitative research projects, research presented at UCLA's undergraduate research day and the 2021 Center for Digital Health Virtual Conference. Currently in physician assistant school at Keck Graduate Institute.
2020-2022	Lara Tang, BS / Medical Student, DGSOM at UCLA. Mentor on quantitative research project using the Pregnancy Risk Monitoring Assessment Survey (PRAMS) to understand the interaction between chronic conditions and socioeconomic status for breastfeeding outcomes.
2021-2025	Jordan Rook, MD / Surgery Resident, NCSP Fellow, DGSOM at UCLA. Doctoral student, UCLA Fielding School of Public Health. Mentor on quantitative research project using the National Health Interview Survey to evaluate how adult health and family food security was impacted by the expansion of the federal child tax credit. First-authored paper published at <i>JAMA Health Forum</i> . Dissertation committee member (defended July 2025).
2021-2025	Cecile Yama, MD / Pediatrics & NCSP Fellow, DGSOM at UCLA. Mentor on quantitative research project using the Household Pulse Survey to understand how family energy insecurity was impacted by the expansion of the federal child tax credit. First-authored paper published in the <i>American Journal of Public Health</i> .
2023-2025	Ashley Michel / Undergraduate student at UCLA. Mentor on qualitative research project using data from my ADA-funded award (poster presentation at the ADA Annual Meeting in Chicago, paper in progress). Her narrative review on the use of behavioral interventions to address type 2 diabetes and prediabetes in adolescents and young adults published at <i>Curr Opin Pediatr</i> .

Dissertation Committees

2016	Ifna Ejebe, Population Health Sciences at University of Wisconsin, Madison
2023	Julianna Rava, Health Policy & Management at UCLA
2025	Jordan Rook, Health Policy & Management at UCLA (The Cost of Health as the Bottom Line of Health Care Policies: Deductible-Based Cost Sharing and the 2021 Expanded Child Tax Credit)
2026	Brittany Burton, Health Policy & Management at UCLA (TBD)

Guest Lectures

2016	<i>Academic Twitter</i> , Social Media in Teaching and Learning, Leadership Education in Adolescent Health (LEAH) Core Curriculum, Boston Children's Hospital
2017	<i>Financial and Insurance Issues for Adolescents with Chronic Conditions</i> , Adolescent Health (SBS 208), Harvard School of Public Health

2017	<i>Development and Social Policy for Children with Special Health Care Needs</i> , Child Development & Social Policy (Psych 1621), Harvard University
2018	<i>Financial and Insurance Issues for Adolescents with Chronic Conditions</i> , Adolescent Health (SBS 208), Harvard School of Public Health
2023	<i>How to read a scholarly article: preparation for primary care journal club and beyond</i> , Primary Care Residency Program, David Geffen School of Medicine at UCLA

Courses

2010	Introduction to Biostatistics for Population Health (PHS 551; Teaching Assistant), Department of Population Health Sciences, University of Wisconsin, Madison
2012	Advanced Epidemiologic Methods (PHS 798; Teaching Assistant), Department of Population Health Sciences, University of Wisconsin, Madison
2014-2018	Clinical Epidemiology and Population Health (Section Leader), Harvard Medical School
2016	SAS Programming Basics (Course Director), Divisions of Adolescent/Young Adult Medicine and Developmental Pediatrics, Boston Children's Hospital
2016-2017	Transition Case (Course Co-Director), Leadership Education in Adolescent Health (LEAH) Fellowship Curriculum, Boston Children's Hospital
2016-2018	Introductory Biostatistics (Course Director), Leadership Education in Adolescent Health (LEAH) Fellowship Curriculum, Boston Children's Hospital
2017-2018	Study Design and Research Methods (Course Director), Leadership Education in Adolescent Health (LEAH) Fellowship Curriculum, Boston Children's Hospital
2019-present	Intro to Statistics for HSR (Course Director), National Clinician Scholars Program, David Geffen School of Medicine & Fielding School of Public Health (HPM 249/202), UCLA
2023-present	Basics of Study Design and Statistics for Health Research (Course Director), Discovery Year, David Geffen School of Medicine, UCLA

RESEARCH GRANTS AND FELLOWSHIPS RECEIVED:

Current

Evaluating Real-world Diabetes Prevention Programs in a Multi-campus University System and a Three-state Regional Health Network

CDC/DHHS U18DP006708

09/01/2022 – 08/31/2027

Co-Investigator – (PI: Tannaz Moin & Kenrik Duru; \$2,850,000 total costs)

This project will examine the long-term effectiveness and cost effectiveness of the Diabetes Prevention Program (DPP), as well as barriers and facilitators to DPP participation, among adults at-risk for developing type 2 diabetes in a Multi-campus study.

LIFT-UP (Leveraging Institutional support For Talented, Underrepresented Physicians and/or Scientists)

National Institute of Diabetes and Digestive and Kidney Diseases U24DK132746-01

09/01/2022 – 08/31/2027

Analysis Core Co-Lead – (PI: Carol Mangione & Kenrik Duru; \$3,300,683 total costs)

This project proposes to develop a research and mentoring program that will contribute to diversity in the scientific workforce pursuing research careers in obesity, diabetes, and related conditions.

Targeted Upstream Prevention (T-UP): Engaging Vulnerable Students in Diabetes Prevention

American Diabetes Association 7-23-ICTST2DY-11

07/01/2023 – 09/30/2027

PI – (\$599,979 total costs)

This project seeks to empirically test age-and culturally-tailored enhancements to the University of California Diabetes Prevention Program for their efficacy and acceptability for program recruitment, retention, and impact (on weight change) in a pre/post pilot trial among vulnerable undergraduates.

Health care transition utilization and outcomes for youth with mental, behavioral, and developmental disorders

National Institute of Mental Health 1R01MH131597-01A1

04/01/2024 – 03/31/2029

PI – (\$2,426,534 total costs)

We will conduct the largest study of the health care transition and mental health of adolescents/young adults with mental, behavioral, or developmental disorders in the US to provide new information on how health care transition impacts care quality and outcomes, and how transition can be optimized with targeted health policy.

AI-Driven Advancements in Mammography: Assessing Efficiency and Burnout to Enhance Patient Care

California Breast Cancer Research Program B30TR8496

08/01/2024 – 07/31/2027

Statistician – (PI: Joann Elmore; \$926,975 total costs)

This study will be the first to assess how an AI tool impacts radiologists' efficiency in interpreting 3D mammogram and their feelings about AI, well-being, and burnout. We will deliver practical recommendations for integration of AI into California radiology practices. Leveraging AI for mammogram screenings will enable radiologists to allocate more time to patient interaction, benefiting the diverse communities they serve.

Addressing Food Insecurity among Vulnerable Families of Youth with Diabetes in Routine Clinical Care

National Institute of Diabetes and Digestive and Kidney Diseases 1R01DK144220-01

09/01/2025 – 08/31/2028

PI – (\$746,775 – total costs)

We will conduct a pragmatic trial to test a novel social determinant of health screening and referral program for low-income families of youth with type 1 diabetes. Results from this work will provide new information about how to address social needs in routine clinical care with the assistance of community-based organizations. Impact Score: 20 (4th percentile)

Comparing how state nurse practitioner supervision requirements affect child and adolescent mental healthcare from Psychiatric Mental Health Nurse Practitioners

National Council of State Boards of Nursing

03/01/2026 – 02/29/2028

Co-I – (\$300,000 – total costs)

To investigate the relaxation of a restrictive NP practice law on access to and utilization of appropriate children's mental healthcare by PMHNPs.

SoCal CDTR P30

National Institute of Diabetes and Digestive and Kidney Diseases

09/01/2026 – 08/31/2031

Core Co-Lead – (\$?? – total costs)

To add.

Past

PhD Training in Health Services Research and Healthcare Quality Improvement

Agency for Healthcare Research and Quality 5T32HS000083

09/01/2010 – 08/31/2012

Pre-Doctoral Fellow/Trainee (PI: Maureen Smith)

The objective of this training program is to produce highly skilled health services researchers who have a strong interdisciplinary foundation in applied research settings, systems and quality improvement, and quantitative evaluation methods.

The Effects of Family-Level Healthcare Related Financial Burden on Unmet Healthcare Need and Changes in Health Status among US Families

Robert Wood Johnson Foundation (RWJF) Health & Society Scholars Dissertation Grant

09/01/2011 – 08/31/2012

PI (\$5,000 – total direct costs)

The RWJF Health & Society Scholars Program at UW Madison is a campus-wide competition for Population Health Dissertation Grants for the academic year 2011-2012.

Herman I. Shapiro Distinguished Graduate Fellowship

School of Medicine and Public Health, University of Wisconsin, Madison

09/01/2012 – 08/31/2013

Pre-Doctoral Research Fellow/ PI (50% FTE)

The Shapiro Foundation generously supports the training of one PhD dissertator under the supervision of School of Medicine and Public Health faculty, in recognition of outstanding accomplishments in academics and research aligned with the School's strategic mission.

Harvard-wide Pediatric Health Services Research Fellowship (Training in Child Health Services Research and Implementation Science)

Agency for Healthcare Research and Quality 2T32HS000063 (2013-14), 5T32HS000063 (2014-15)

07/01/2013 – 06/30/2015

Post-Doctoral Fellow/Trainee (PI: Jonathan Finkelstein)

The principal goal of this program is to develop expert investigators whose research will fundamentally improve the capacity of the U.S. healthcare system to meet the needs of children & families, including socio-economically disadvantaged & minority populations.

Health Promotion in Transition: Effects of Web-Based Health Information on Disease Management and Risk Behaviors for Youth with Type 1 Diabetes in College

Boston Children's Hospital Awards Committee Pilot Research Project Funding FP01017994

01/01/2016 – 11/30/2018

Co-PI (Co-PI: Elissa Weitzman; \$25,000 – total direct costs)

The goal of this project is to survey college students with Type 1 Diabetes (T1D) in order to advance understanding of healthcare transition and health promotion for these youth.

Building an Empirically-Derived Screen to Detect Vulnerability to High Health Care Burden for Youth with Chronic Medical Conditions

Office of Faculty Development/Basic Translational Research Executive Committee/Clinical and Translational Research Executive Committee Faculty Career Development Fellowship 400384

07/01/2016 – 06/30/2018

PI (\$100,000 – total direct costs)

This study's goal is creation of a novel screening tool that can identify youth who are most vulnerable to adverse outcomes and need intervention and psychosocial support.

Developing Patient and Family Centered Approaches for Measuring and Improving Transition Readiness and Self-Efficacy (Mentored Career Development for Child and Family Centered Outcomes Research)

Agency for Healthcare Research and Quality K12HS022986

08/01/2016 – 07/31/2018

Project PI / Faculty Scholar (PI: Jonathan Finkelstein)

This program supports junior faculty conducting patient-centered outcomes research. This project's goal is to establish preferences for supporting medical and non-medical barriers to healthcare transition.

Creating a Dynamic Online Cohort to Study Health Care Transition

Academic Pediatric Association Young Investigators Award Program

04/01/2017 – 06/30/2018

PI (\$10,000 – total direct costs)

This mixed methods study proposes to ascertain health care transition (HCT) needs from the perspective of multiple stakeholders and identify alignment of HCT preferences using an innovative methodological approach (dynamic online cohort).

Trial of a novel brief intervention for substance use for youth with chronic conditions

Conrad N. Hilton Foundation/Clinical Research 20140273

12/01/2014 – 11/30/2019

Co-Investigator (Co-PIs: Elissa Weitzman and Sharon Levy)

The goal of this project is to 1) develop and refine measures of adolescent substance use and patient centered outcome measures and 2) conduct a randomized controlled trial of a brief intervention to prevent alcohol and marijuana use for youth with chronic conditions.

Evaluation of SBIRT in Massachusetts Public Schools

Peter and Elizabeth C. Tower Foundation HC-1706-04372

10/01/2017 – 04/30/2020

Co-Investigator (Co-PIs: Elissa Weitzman and Sharon Levy)

The goal of this project is to advance a model for school-based adolescent substance use Screening, Brief Intervention and Referral to Treatment (SBIRT) that identifies organizational features of impactful models and evaluates behavioral and normative effects of school-based SBIRT on adolescents.

Leveraging social media to engage adolescent participants in patient-centered cohort research for the clinical care of rheumatic disease

National Institute of Arthritis and Musculoskeletal and Skin Diseases R21 R21AR070944

08/01/2017 – 09/11/2020

Co-Investigator (PI: Elissa Weitzman)

The goal of this study is to ascertain the feasibility of engaging an unbiased sample of chronically ill youth enrolled in a pediatric rheumatic disease registry in sharing health information using social media, and assess the value of social media for augmenting clinical and patient-reported data.

Disparities in Reproductive Health Services for Young Women with Diabetes Mellitus

UCLA Faculty Career Development Award

07/01/2019 – 06/30/2021

PI – (\$15,000 – total direct costs)

The goal of this project is to examine disparities in realized access to guideline-recommended

reproductive health services for young women (ages 13-39 years) with type 1 or 2 diabetes mellitus (DM) compared to peers without DM.

Understanding Community Considerations, Opinions, Values, Impacts, and Decisions for COVID-19 (UC-COVID Study)

University of California Office of the President (401341-RB-62165)

07/01/2020 – 06/30/2021

Co-PI – (\$37,600 – total direct costs)

This project will undertake broad community engagement to understand how patients and health care workers receive and provide care during the COVID-19 pandemic, and will investigate opinions about scarce resource allocation policies and disparities in access to care and health management behaviors.

Health Disparities Among Women Displaced in California's Affordable Housing Crisis

Iris Cantor-UCLA Women's Health Center/CTSI Young Investigator Award (NCATS UL1TR001881)

08/01/2020 – 07/31/2021

Co-I/Mentor – (\$20,000 – total direct costs)

This project, led by Katherine Chen, MD, is a retrospective, population-based study designed to understand how the health of female renters is impacted by residential moves due to excess housing cost.

Delivering contextualizing population data to motivate health care transition preparation

National Institute of Diabetes and Digestive and Kidney Diseases K01 DK116932

08/01/2018 – 10/31/2022 (no cost extension)

PI – (\$567,889 – total direct costs)

The goal of this project is to evaluate hierarchical predictors of individual disease and health care transition outcomes among adolescents and young adults with Type 1 Diabetes and to develop and prospectively test the effectiveness of feeding back this population data for improving transition preparation.

Tailoring HIV/PrEP Education Messages for Adolescents (THEMA) Study

National Institutes of Health/Harvard University Center for AIDS Research P30AI060354

07/01/2022 – 06/30/2024

Co-Investigator – (PI: Carly Guss; \$392,758 total costs)

This study will harness behavioral economic strategies to develop a novel intervention that improves PrEP messaging and decision-making as well as increases discussions and prescribing of PrEP by health care providers.

Innovative Support for Patients with SARS-CoV-2 Infections (INSPIRE) Registry

CDC/DHHS (contract 75D30120C08008)

08/01/2020 – 07/31/2024 (no cost extension)

Co-Investigator – (Site PI: Joann Elmore; \$1,907,631 total costs)

The INSPIRE Registry is a multi-site study at academic medical centers across the U.S. seeking to use digital health application tools to conduct longitudinal tracking of a diverse patient group tested for SARS-CoV-2 for up to 24 months from testing date. The ultimate goal is to create an approach that efficiently provides real-time data, analysis and reporting, while also promoting an open science approach that protects patient privacy but promotes rapid dissemination of knowledge surrounding COVID-19 and factors, particularly age, that contribute to outcomes.

Motivating parental support of youth skill-building during health care transition

National Institute of Diabetes and Digestive and Kidney Diseases R03 DK132439

04/01/2022 – 03/31/2025 (no cost extension)

PI – (\$150,000 – total direct costs)

The goal of this project is to develop and evaluate a novel intervention designed to assist parents in preparing their adolescent children with Type 1 Diabetes (T1D) for the transition from pediatric to adult-focused care.

The Impact of Reflective Motivation on the Effect of a Shared Decision Making Intervention for Diabetes Prevention

National Institute of Diabetes and Digestive and Kidney Diseases 3R01DK127733-03S1

08/01/2023 – 07/31/2024

Project Lead/Co-Investigator – (PI: Kenrik Duru & Tannaz Moin; \$193,004 total supplement costs)

This project proposes to investigate mechanisms by which a shared decision making intervention for diabetes prevention among overweight/obese women with a history of GDM and hemoglobin A1c between 5.7-6.4% is effective for affecting diabetes prevention behaviors and weight loss.
